1	27677	layer same dielectric same (power or current or watt\$4 or volt\$4)	USPAT	2004/07/10 15:23
2	834	layer same (dielectric near2 material) same (power or current or watt\$4 or volt\$4) same differen\$3	USPAT	2004/07/10 15:23
3	43	layer same (dielectric near2 material) same (power or current or watt\$4 or volt\$4) same differen\$3 same insulation	USPAT	2004/07/10 15:34
4	0	layer same (dielectric near2 material) same (power or current or watt\$4 or volt\$4) same differen\$3 same insulation same (differential near2 (signal or pair))	USPAT	2004/07/10 15:35
5	1	layer same (dielectric near2 material) same (power or current or watt\$4 or volt\$4) same (differential near2 (signal or pair))	USPAT	2004/07/10 15:38
6	1102	(layer same dielectric same (power or current or watt\$4 or volt\$4)) and 174/\$.ccls.	USPAT	2004/07/10 15:38
7	62	(layer same (dielectric near2 material) same (power or current or watt\$4 or volt\$4) same differen\$3) and 174/\$.ccls.	USPAT	2004/07/10 15:38
8	11	(layer same (dielectric near2 material) same (power or current or watt\$4 or volt\$4) same differen\$3 same insulation) and 174/\$.ccls.	USPAT	2004/07/10 15:40
9	2434	(layer same dielectric same (power or current or watt\$4 or volt\$4)) and 361/\$.ccls.	USPAT	2004/07/10 15:41
10	113	(layer same (dielectric near2 material) same (power or current or watt\$4 or volt\$4) same differen\$3) and 361/\$.ccls.	USPAT	2004/07/10 15:41
11	5	(layer same (dielectric near2 material) same (power or current or watt\$4 or volt\$4) same differen\$3 same insulation) and 361/\$.ccls.	USPAT	2004/07/10 15:41
12	0	(layer same (dielectric near2 material) same (power or current or watt\$4 or volt\$4) same differen\$3 same insulation same (differential near2 (signal or pair))) and 361/\$.ccls.	USPAT	2004/07/10 15:42
13	0	(layer same (dielectric near2 material) same (power or current or watt\$4 or volt\$4) same differen\$3 same insulation same (differential near2 (signal or pair))) and 333/\$.ccls.	USPAT	2004/07/10 15:42
14	0	(layer same (dielectric near2 material) same (power or current or watt\$4 or volt\$4) same differen\$3 same insulation) and 333/\$.ccls.	USPAT	2004/07/10 15:42
15	29	(layer same (dielectric near2 material) same (power or current or watt\$4 or volt\$4) same differen\$3) and 333/\$.ccls.	USPAT	2004/07/10 16:00
16	0	(backplane or "back plane") same ((switch or router) near2 (electrical or power or current or volt\$4)) same differen\$4 same (shields same dielectric)	USPAT	2004/07/10 16:03
17	0	(backplane or "back plane") same ((switch or router) near2 (electrical or power or current or volt\$4)) same differen\$4 same (shields same dielectric)	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/07/10 16:03
18	0	(backplane or "back plane") same ((switch or router) near2 (electrical or power or current or volt\$4)) same (shields same dielectric)	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM_TDB	2004/07/10 16:04

19	9	(backplane or "back plane") same ((switch or router) near2 (electrical or power or current or volt\$4)) same (shields or dielectric)	USPAT; US-PGPUB; EPO; JPO; DERWENT; IBM TDB	2004/07/10 16:04
